# TERMS OF SALE.

PHILADELPHIA, January 1, 1912.

All bills purchased after this date will be charged at the prices quoted herein,—unless *special offers* are made by letter or telegram and *referred to* in the order. Not less than ten pounds of one variety will be invoiced at the rates per hundred pounds.

**Terms of Credit.**—To regular customers and well-known houses of established credit, all bills bought from this catalog are due June 1st, without regard to date of purchase, excepting Beans, Corn and Peas on which terms are (except when included in a general order) sixty days net or subject to a discount of one and a half per cent. for cash within ten days of invoice. *All accounts are subject to sight draft on June 10th, if payment is not received previously by mail.* Goods purchased after June 1st are payable on October 1st and subject to sight draft.

**Bills purchased on special quotations.** made by letter or telegram, are *net* sixty days from date of invoice, or subject to a discount of one and a half per cent. for cash within ten days of date of invoice.

**Grass and Clover Seeds, Onion Sets and Seed Potatoes** in quantity, are invariably *net cash*.

**Unknown correspondents** desiring credit are requested to give satisfactory reference in Philadelphia or New York.

**Cash Discount.**—We allow a discount of **Five Per Cent.** on orders accompanied by a cash remittance, and also on all bills except where Beans, Corn and Peas only are ordered (at catalog prices) paid within ten days from date of invoice, or a discount of **One Per Cent. a month** on all bills (at catalog prices) if paid before June 1st.

**The Prices Quoted** are those ruling at this date. We expect to adhere to them through the spring, except where important changes compel us to advance or reduce our prices, when we shall be governed by the market. **10 lbs. and more will be supplied at the rates per 100 lbs.:**  $\frac{1}{2}$  lb. and  $\frac{1}{2}$  bushel at pound and bushel rates; but *smaller quantities will be charged at a higher rate.*

**NO CHARGE for Packing or Cartage.**—Bags and boxes are charged *at Cost*. After delivering to forwarders in **good order** (as shown by Bill of Lading) our responsibility ceases.

**Insurance** will be effected only when so directed.

**SEALED PACKAGES.**—We make no charge for sealing **pounds, pecks, or bushels**, but at the low bulk prices quoted, we shall charge for putting up in smaller sealed packages, when so ordered, as follows:

**In Ounces.**—One cent per ounce, 50 cts. per 100 ounces.

**In Quarter-Pounds, Pints, and Quarts.**—Two cents for each package.

**In Two-Quarts and Four-Quarts.**—A charge of three cents per package.

**WE DO NOT COMMISSION SEEDS.**—In response to hundreds of inquiries each year, we would state that we **positively decline to send out any Seeds on Commission.** Dealers handling seeds in packets will be supplied on liberal terms, and by ordering judiciously, those left over can be destroyed, and the business yet be more profitable and satisfactory than the handling of commission seeds.

## **Discounts TO THE TRADE From our Retail Prices.**

In our Retail Catalog—**BURPEE'S NEW ANNUAL FOR 1912**—are many varieties of seed and books for which frequently other Seedsmen receive retail orders. We supply

**All Seeds in Packets at 50 Per Cent. Discount.**

**500 packets or more at 60 Per Cent. Discount.**

**Excepting the New Sweet Peas now first offered.**

Small quantities from our Retail Catalog, which cannot be invoiced at the low pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

<b>Vegetable Seeds by the Ounce.</b>	—	—	40	per cent. discount
<b>Seeds by the Quart or Pint.</b>	—	—	33 $\frac{1}{3}$	" "
<b>Seeds in Collections (except "Dollar Box")</b>	40	"	"	"
<b>Potatoes by the Pound.</b>	—	—	40	" "
<b>Bulbs in Collections.</b>	—	—	20	" "
<b>BOOKS on Garden Topics.</b>	—	—	40	" "

At the above liberal rates of discount the goods travel at expense of purchaser, and when sent by mail the cost of postage will be added to the invoice.

**Cable Address, BURPEE, Philadelphia.**

# Burpee's Seeds Grow

and are "Proved by Test" to be the  
Best Seeds that Can be Grown

To Dealers in Seeds:

PHILADELPHIA, January 1, 1912.

The repetition year after year of the famous slogan printed above would not account for such steady increase in the demand for Burpee-Quality Seeds were it not our constant aim to maintain its truth and then make the best *better*!

## We are Specialists in Seeds.

Our entire attention is devoted to producing and distributing Seeds,—**Seeds only and only Seeds of the Best Quality.** We aim to do *this one thing well*, consequently do not handle plants, small fruits, nursery stock, Dutch bulbs, nor other kindred lines,—such as fertilizers, implements, and poultry supplies. We shall be pleased to have your order for Seeds and *know* that we can serve you well! We shall be pleased also to give any advice in our power as to your other horticultural requirements.

The small illustration herewith shows the York Avenue frontage of THE FIRST BURPEE BUILDING. Here we are glad to welcome customers who may have occasion to visit Philadelphia and also to extend a cordial invitation to inspect our Pennsylvania and New Jersey Farms during the growing season. There is nothing to conceal in our business, and it is always a pleasure to show everything of interest both in the city warehouses and on our farms.

**A Word About Prices.** As of all other merchandise, the prices of seeds are governed necessarily by the cost of production and the law of supply and demand. The latter law (which can *not* be repealed!) affects severely several classes of seeds of which the crops in 1911 were so extremely short that prices even for usual commercial grades—although costing less to produce—have necessarily advanced to more than is usually charged for pedigreed seeds of the very best quality. Planters and Dealers, this season more than ever before, *should look to the source*, as high prices now (on short items, such as peas, beets, carrots, Golden Self-Blanching Celery, leek, parsley, parsnip, and several cabbages and turnips) do not necessarily mean high quality!

While advanced prices are compulsory on the classes just named, yet on most other vegetable seeds we have had fair to normal crops and offer at our usual moderate prices,—with some reductions.

The prices printed have been fixed at actual values as they appear to-day. Wherever possible, however, should stocks warrant, we shall be pleased to make **quotations by mail or wire** to buyers of large quantities of any special varieties. Trusting you will favor us with your orders, which shall have prompt and careful attention,

We remain, sincerely yours,

Burpee Buildings:

North Fifth Street,  
York Avenue and  
Buttonwood Street,  
Philadelphia.

Seed Gardens and Trial Grounds at our famous FORDHOOK FARMS, Bucks County, Pa.,  
SUNNYBROOK FARM, New Jersey, and Burpee's FLORADEL FARM in California.

# BURPEE, Philadelphia, Is Our Registered Cable Address.

All foreign customers are requested to advise us of their **shortest cable address**. Customers in America who wish to telegraph will also find the following additional code useful.  
Please note the **code-words** below that would be used in our **reply**, either by cable or telegram. For other sentences, use the **5th Edition of A. B. C. Code**.

## FOR OFFERS AND INQUIRIES.

CODE-WORD.	TRANSLATION.
<b>Daubling</b> .....	Telegraph your lowest prices for .....
<b>Dean</b> .....	Mail your lowest prices for .....
<b>Decoy</b> .....	Mail your lowest prices for ....., and send samples.
<b>Defend</b> .....	Telegraph when goods can be shipped.
<b>Defender</b> .....	Advise immediately by mail how soon goods will be shipped.

## Code for positive ORDERS.

<b>Dare</b> .....	Send immediately the following by <i>freight</i> , per special quotations.
<b>Dargie</b> .....	Send immediately by <i>express</i> following seeds at catalog prices.
<b>Darken</b> .....	Send immediately by <i>freight</i> following seeds at catalog prices.
<b>Darnel</b> .....	Send immediately by <i>mail</i> following seeds at catalog prices.
<b>Dared</b> .....	Send immediately by <i>express</i> the following, per special quotations.
<b>Darling</b> .....	Send immediately by <i>mail</i> the following, per special quotations.
<b>Dasher</b> .....	Send at once .....; let other seeds follow as quickly as possible.
<b>Dashing</b> .....	{ Have you shipped our order? If not, increase if possible our order for ..... to ..... pounds (bushels).
<b>Datary</b> .....	Send ..... immediately by <i>express</i> . Balance of order by <i>freight</i> .
<b>Dation</b> .....	Duplicate our last order.
<b>Datisca</b> .....	Book our order and await instructions by <i>mail</i> .
<b>Daturein</b> .....	Please add to our order.

# Telegraphic Cipher (or Cable Code)

## FOR WEIGHTS AND MEASURES.

The telegraphic cipher word for quantities must always precede the cipher words for seed, but if the same quantity of several varieties is ordered, the cipher word meaning that quantity need be placed only before the first. For example:

**Arad Jaundice, Jean, Benares, Calliope, Lamprey, Malmo Balcony,** would mean, **ship at once, cheapest route, ten pounds each HELEN PIERCE and JANET SCOTT SWEET PEAS, twenty-five pounds each BURPEE'S ALLHEAD EARLY CABBAGE and BURPEE'S EARLIEST WAY-AHEAD LETTUCE and ten bushels BURPEE'S STRINGLESS GREEN-POD BEAN.**

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

**IMPORTANT.**—This telegraphic cipher must be used ONLY on orders by telegraph or cable, and never in written orders sent by mail.

# TELEGRAPHIC CIPHER FOR PRICES.

The cipher or code-words given on this page are principally for our use in making quotations. For example :

**Dab Cefalu Carding Davit, Tokay Bacon Demur,** would mean : In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations, provided unsold upon receipt of your order, one hundred pounds BURPEE'S SUREHEAD CABBAGE at \$1.00 per pound, two hundred bushels EXTRA EARLY RED VALENTINE BEAN at \$4.00 per bushel. These code-words can be used also if, when placing a telegraphic order, you wish to specify price quoted. For example :

**Dare Angola Perturb Decanter Mocha Binate Diazo,** meaning : Ship at once by freight, as per special quotations, five pounds RUBY KING PEPPER at \$2.00 per pound, sixteen bushels FORDHOOK BUSH LIMA BEAN at \$7.50 per bushel.

☞ By exercising ordinary care in preparing the telegram you can save time and money by the use of our code system. When possible, telegraphic orders are filled and shipped the same day they are received.

For Code-words for Quantities, Orders, etc., see pages 2 and 3.

# Best Seeds that Grow for 1912,

Tested and Proved at our Fordhook Farms.

THIS PACKAGE (IF UNBROKEN) CONTAINS ONE OUNCE OF

Here follows the same "electrotyped" label as printed on our packet bags,— giving in full the name of the variety, and in case of the more important Vegetables and Flowers, also an illustration, description, and frequently directions for culture. Every package bears our full firm name, and is neatly printed in black ink, presenting a more attractive appearance than do the usual gaudy lithographed bags.

Every ounce-package is **dated** as above.

Packets, although not dated (because the electrotypes generally require the entire front of the bag), are all filled with the same choice quality of the **Best Seeds that Grow for 1912**.

**W. ATLEE BURPEE & CO., Seed Growers.**

Seeds of the best quality cost very much more to produce than do seeds of the ordinary commercial grade. And yet many merchants, having little or no knowledge of the value of **High-class Seeds**, purchase their supplies wherever they can be obtained the cheapest. It was brought to our notice that some merchants would buy a bill of seeds from us, obtain copies of our catalogs and show-cards, and then purchase a portion of their supplies from other seedsmen, who, growing "cheap seeds," could sell at much lower prices. In many cases planters who purchased from their local merchants, thinking that they were obtaining **BURPEE'S SEEDS**, got only a few of our seeds (perhaps in packets), and often the seeds bought by weight or measure were of inferior quality, falsely sold on our reputation, but for which we were not in any way responsible.

This deception was brought so prominently to our attention some years ago that we debated seriously whether we should not decline altogether to sell **BURPEE'S SEEDS** at wholesale. Further consideration, however, showed us that this would hardly be fair to the honorable merchants who had been handling our seeds exclusively for years. Therefore we announced that—

**Hereafter we will sell Burpee's  
Seeds ONLY in sealed packages.**

Packets and ounces, in *Water-tight Manila Bags*, are sealed, and bear, plainly printed, either **our Name or Registered Trade-mark Monogram**, protected by United States Letters Patent. Quarter-pounds, pounds, pints, and quarts, in paper bags, have pasted across the top a green label, as below :

**SEEDS IN BULK**,—that is. Peas, Beans, etc., by the peck or bushel, and quantities of small seeds in bags, will have **each sack sealed with our Trade Mark on a leaden seal**.

This plan will be a protection to honest merchants from competition with other seeds falsely claimed to be **BURPEE'S SEEDS**, and at the same time will be a guarantee to the purchaser.

**LARGE DEALERS WHO SELL ON THEIR OWN REPUTATION  
CAN BUY SEEDS IN BULK FROM US, AS HERETOFORE.**

While every sack is sealed, the contents can be handled as desired,—except that they must not be sold as **BURPEE'S SEEDS**, **unless in original packages**.

# Burpee's Vegetable Seeds.

TEN POUNDS OR MORE WILL BE CHARGED AT 100-POUND RATES.

 This Price List Cancels all Previous Quotations. 

 A **Telegraphic Cipher** (or **Cable Code**) is attached to each variety, by which orders can be wired at little expense,—using also our code for prices, weights, and measures as given on pages 2, 3, and 4. For example:

**Darken Pelew Balcony** would mean: Send immediately, by fast freight, forty bushels of BURPEE'S STRINGLESS GREEN-POD BEAN at catalog price.

**Dared Breda Cage** would mean: Send immediately, by express, fifty pounds of best select JERSEY WAKEFIELD CABBAGE as per special quotation.

**Darnel Amoy Lantern** would mean: Send immediately, by mail, three pounds of seed of BIG BOSTON LETTUCE.

 Please use telegraphic cipher only for telegraphic or cable orders.

Telegrams should be addressed,

**W. ATLEE BURPEE & CO., Philadelphia.**

Our Cable Address is: **BURPEE, Philadelphia.**

**Beet Seed**, in common with *Carrot*, *Parsley*, *Parsnip*, *Turnip* and seed of other vegetables requiring two years to produce a crop, is in very short supply. As heretofore we shall endeavor to supply all the requirements of dealers accustomed to obtaining from us a general line of seeds, but cannot accept orders for Beet seed alone.

**Lower Prices** could easily be quoted were we not practical growers and testers of seeds ourselves.

Were we willing to take simply the "say so" of other growers in America and Europe, without proving the stocks in greenhouses, frames, and open field trials, we should save thousands of dollars annually. In that case, however, we would never have succeeded in building up and maintaining,—in spite of close competition,—a business that is acknowledged to be the largest direct mail-order seed trade in the world.

GOLDEN TANKARD YELLOW-FLESHED MANGEL.

## SUGAR BEETS and MANGELS.

NOTE.—Ten pounds or more are invoiced at 100-pound rates.

	Tel. Cipher.	Per lb.	Per 100 lbs.

## Burpee's Seeds are "Seeds of Success."

The purchaser of BURPEE'S SEEDS does not buy twenty cents' worth of risk with five cents' worth of seed,—the Trial Grounds enable us to fill packets with seeds only.

Every truck-patch or flower-bed, large or small, is the planter's "trial ground." We desire that our seeds and not your patience shall be tried there.

FORDHOOKE FARMS (and SUNNYBROOK) render our desire attainable.

THE NEW EARLY "COPENHAGEN MARKET" CABBAGE,—from a Photograph taken at FORDHOOK, July 7, 1911.

## CABBAGE,—Early and Second-Early.

NOTE.—Ten pounds or more are invoiced at 100-pound rates.

	Tel. Cipher.	Per lb.	Per 100 lbs.

<b>Henderson's Succession</b> .....	<i>Capsize</i> .....	2 50	

For thirty-five years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

**"The Value of a Guarantee is not in what is said, but who says it."**

WE KNOW SEEDS by means of the FORDHOOK TRIAL GROUNDS. We sell only seeds known to be good—THE BEST SEEDS THAT GROW!

BURPEE'S SHORT-STEM DRUMHEAD CABBAGE,—from a Photograph.

Burying "BALLHEADS" for winter,—from Photograph taken in Denmark, November, 1909.

In 1887—Twenty-five years ago, when we introduced the DANISH BALLHEAD CABBAGE, after our first visit to the Island of Amager, little did we think that in a quarter of a century it would become so popular with large growers for market in America. It is now grown on vast areas and thousands of pounds of seed are required each year to supply our trade. We continue to have grown for us seed from the same stock that first made its reputation, and never handle any seed except that produced for us under contract in Denmark.

Large White Belgian.....	<i>Chay</i> .....	75
Large Yellow Belgian.....	<i>Checker</i> .....	85

**Carrot Seed** harvested during 1911 in quantity was far below even the most pessimistic field estimates made during the growing season. There is nothing like a sufficient quantity of carrot seed to meet the demand, therefore we have none to offer except on general orders and even then shall have to prorate on quantities heretofore supplied our customers.

**Fordhook Melon** is most vigorous in growth, very early and extremely prolific. The fruits are ready for market fully as early as the green-fleshed *Early Jenny Lind*. The vines grow vigorously and each vine sets from five to nine melons immediately around the stem; frequently the fruits touch one another. The melons are remarkably even in size, weighing from 1 lb. 8 ozs. to two pounds each.

WE KNOW SEEDS by means of the FORDHOOK TRIAL GROUNDS. We sell only seeds known to be good—THE BEST SEEDS THAT GROW!

**Peas are Scarcer** than has ever been known before,—scarcer even than a year ago! Many varieties of Garden Peas grown for seed were nearly complete failures again in America. From our intimate acquaintance and inspections of stocks grown in England (although the crops there were also distressingly short), we have succeeded in making up most of our normal requirements. The prices paid, in most cases, have been, however, double the usual cost of production, so that even with the higher prices quoted this season our margin of profit is less than half what is usually considered necessary and fair. Without a cent of profit (and we have *very few* cents on peas this year) we prefer to protect our regular customers in supplying their usual requirements.

**NOTE.—Peas are so short** that on many varieties, even at these advanced prices, we can accept orders only in connection with other seeds.

**Burpee's Seeds are Grown by Burpee!** As a rule, this is absolutely true! Those varieties of seeds that cannot be produced to the highest standard of excellence upon our own farms are raised under private contract, subject to our personal inspection during growth in such sections of America and Europe as long experience has shown to be best adapted for their proper development. We buy no seeds upon the open market—and yet this rule occasionally has a necessary exception. One exception this season is in the case of Garden Peas, as stated on page 27.

# Burpee's Selected Seed of TOMATOES.

Twelve of the Best Tomatoes,—first introduced or improved by "The House of Burpee,"—and of which Fordhook and Sunnybrook Strains of Seed are Unequaled!

BURPEE'S MATCHLESS (1889).

TURNER HYBRID (1886).

TRUCKER'S FAVORITE (1893).

FORDHOOK FIRST (1894).

FORDHOOK FANCY (1898).

BURBANK'S PRESERVING (1898).

GOLDEN DWARF CHAMPION (1898).

BURPEE'S QUARTER-CENTURY (1900).

CHALK'S EARLY JEWEL (1903).

BURPEE'S EARLIEST PINK (1906).

SUNNYBROOK SPECIAL EARLIANA (1907).

BURPEE'S DWARF-GIANT (1909).

Search every Seed Catalog published and you will not find any other twelve Tomatoes of similar types that can take the place of these popular BURPEE-STANDARDS. Buy wherever you may,—plant side by side,—and we think you will come to the conclusion that Burpee's Tomato Seed as grown upon our Pennsylvania and New Jersey farms is really *unequaled!* This applies not only to the above twelve but is true also of several other varieties, upon which we likewise "specialize." Most seedsmen charge less for Tomato seed than do we,—but the seed is usually worth correspondingly less. What does the cost actually matter when you consider that it requires only two ounces of seed to produce sufficient plants to set out an acre?

### The Value of a Guarantee is not in what is said, but who says it.

For thirty-five years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

## Burpee's Flower Seeds

are just as carefully and as thoroughly tested as our **Vegetable Seeds**, and we know that there is not offered seed of any better quality than stocks we now have in our warehouse.

If you have never carried flower seeds in stock, there is no better way to try the taste of your customers than by offering the special Sweet Pea, Nasturtium, and Gem Collections, offered on pages 60 and 61.

Our **Flower Seed Box**, offered on page 58, gives a very convenient way of handling the separate packages at a very slight cost.

**“Proved by Test.”** Unless you should order some variety that we do not catalog and instruct that we get it for you (when we shall send it at your risk,—in its original package), you may be absolutely sure that you will receive from us only such stocks of strictly high-grade seeds as have been proved absolutely **“Best by Test.”**

Many seedsmen have much to say about tested seeds, but unfortunately with most dealers this applies only to blotter tests for vitality. Our tests for vitality are *soil* tests. While necessary that *seeds grow*, it is of prime importance that they shall be of choicest selected strains, such as can be relied upon to produce products **“true to type.”** This can be learned only by thorough field trials. No other seedsmen in America make so many or such complete trials as are conducted annually at our famous FORDHOOK, FLORADEALE and SUNNYBROOK FARMS.

# New Sweet Peas for 1912.

## New Spencer,—Vermilion Brilliant.

**“The most brilliant, iridescent scarlet Spencer yet produced!”**

This genuine novelty, which has been much admired both at our Fordhook Farms in Pennsylvania and Floradale Farm in California, as well as in Great Britain, originated with our friend, MR. HUGH DICKSON, of Newtownards, County Down, Ireland.

Asked for an opinion of the value of his pet novelty, Mr. Dickson, who is well known as one of the best judges of Sweet Peas, wrote: “After most careful, critical comparison with every scarlet Spencer we could procure, including several new seedlings and selections not yet introduced, VERMILION BRILLIANT stood out so prominently that we offer it with every confidence of confirmation by all Sweet Pea planters as **the most brilliant, iridescent scarlet Spencer yet produced.**”

**Vermilion Brilliant** produces vines that are strong, short jointed and very floriferous, bearing on stout stems, twelve to fifteen inches in length, three and four artistically placed flowers. When well grown the plants are noteworthy in that, unlike all other scarlet Spencers, *the stems frequently produce fours.*

The flowers are of perfect form. The bold, erect standard is well waved and fluted in true Spencer style, of large size, beautifully rounded and finishing well below the keel. The wings are of the same intense pure scarlet as the standard, making a uniform self-color throughout and *absolutely sunproof*. For exhibition or garden decoration we are confident that this sterling novelty will take a prominent and lasting place in the esteem of all lovers, growers and exhibitors of Sweet Peas.

In sealed packets containing twelve seeds each: **Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.** (Code word, VERMILION.)

In sealed packets containing twenty-five seeds each: **Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.** (Code word, BRILLIANT.)

VERMILION BRILLIANT was awarded the Silver Cup given by the Philadelphia *North American* at the National Sweet Pea Society's Show in Philadelphia, June 29 and 30, 1911, for the best variety not yet in commerce.

## New Spencer,—Irish Belle, or “Dream.”

*New Spencer,—  
“IRISH BELLE,”—  
See Description.*

**\$2.00 per dozen pkts.; \$13.75 per 100 pkts.  
per 100 pkts.** (Code word, BELLE.)

A superbly beautiful variety that shows quite a new shade in Sweet Peas. The coloring is uniform in both standard and wings,—a lovely rich lilac, flushed with pink, which gives a very distinct and soft tone throughout the entire flower. Of finest Spencer type, waved in both standard and wings, the flowers are of large size and well placed on long stems. Throughout the season, even during the extreme heat and drought of July, the flowers came invariably three and four to a stem. Many Sweet Pea enthusiasts pronounced this,—next to *Vermilion Brilliant*,—to be the finest novelty in our trials at FORDHOOK FARMS the past season. It was certificated by the National Sweet Pea Society of America, June 29, 1911.

In sealed packets containing twelve seeds each: **Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.** In lots of 500 packets or more, **\$6.25 per 100 pkts.** (Code word, IRISH.)

In sealed packets containing twenty-five seeds each: **Per pkt. 25 cts.;** In lots of 500 packets or more, **\$12.50**

## Sweet Pea,— Pearl-Gray Spencer.

PEARL-GRAY is truly a descriptive name. It is certainly a most lovely and distinct shade that might be described as a pearl- or dove-gray, suffused with light rose, showing a trifle more of the delicate rose shading in the standard. The flowers, borne in clusters of three and four, are of the largest size and uniformly well waved.

In sealed packets containing twelve seeds each: **Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.** In lots of 500 packets or more, **\$6.25 per 100 pkts.** (Code word, PEARL.)

In sealed packets containing twenty-five seeds each: **Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.** In lots of 500 packets or more, **\$12.50 per 100 pkts.** (Code word, GRAY.)

*The New*  
"PEARL-GRAY"  
SPENCER.

## New Sweet Pea,—“Captivation Spencer.”

This is a really giant-flowered Sweet Pea of true Spencer type, both standard and wings being well frilled and waved. The beautiful self-colored flowers are of a rich rosy wine-red throughout. The plant is robust and very floriferous, bearing three and four of the extra large flowers well placed on long strong stems.

In sealed packets containing twelve seeds each: **Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.** In lots of 500 packets or more, **\$6.25 per 100 pkts.** (Code word, CAPTIVATE.)

In sealed packets containing twenty-five seeds each: **Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.** In lots of 500 packets or more, **\$12.50 per 100 pkts.** (Code word, CAPTIVE.)

*The New*  
"RAINBOW"  
SPENCER,—  
from a Photograph.

## “Rainbow Spencer.”

The flowers are of giant proportions, generally produced three and four on a stem. They are nicely placed, with wings coming well up in front of the standard; in fact, the flower proportions are perfect. The ground color is ivory-white, flaked and lightly streaked with rose. The flowers are magnificently waved, and the variety, which originated with our friends, MESSRS. C. C. MORSE & CO., has proven thoroughly fixed both in California and in our trials at FORDHOOK.

In sealed packets containing fifteen seeds each: **Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.** In lots of 500 packets or more, **\$6.25 per 100 pkts.** (Code word, RAINBOW.)

In sealed packets containing thirty seeds each: **Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.** In lots of 500 packets or more, **\$12.50 per 100 pkts.** (Code word, RAINDROP.)

# A Distinct Type of Sweet Peas for 1912,— The New “Duplex” Spencers,—

Unequaled for Bunching and Florists’ Work.

For several years we have watched with much interest the tendency of certain Spencers to produce sprays bearing flowers with double standards. Repeated selections, with an aim to fix this character, have been made both in England and America. When visiting Marks Tey, Essex, early in July, the writer was delighted with several rows of a magnificent double-standard pink that Messrs. Dobbie & Co. had developed to wonderful perfection. Upon inquiry, however, we learned that probably the seed would be supplied this season exclusively to Messrs. Lowe & Shawyer, the well-known florists of Uxbridge, who anticipated great success in placing this first “double-standard” Spencer upon the Covent Garden market. Five or six weeks later, however, when in Scotland, Mr. W. Cuthbertson (senior partner of Messrs. Dobbie & Co., Edinburgh) advised us that there would be more seed than required for Messrs. Lowe & Shawyer,—and that outside of what was necessary for their own trade, the variety would be placed with us for introduction.

This being the only “Double-Standard” Spencer we were then sure of having in sufficient quantity to offer for 1912, we decided to give it the name “DUPLEX,” and determined then to keep this term “Duplex” as a prefix to any other double-standard Spencers it might be our good fortune to introduce. It might be well to state emphatically that the new DUPLEX SPENCERS should not be confounded in any way with the so-called “Double Sweet Peas” of the Grandiflora type introduced a number of years ago. These never came more than 20 to 30 per cent. double and were so undesirable that, in common with most other seedsmen, we dropped them entirely.

## The New “Duplex Spencer” Sweet Pea.

The “Best of All” Pink Sweet Peas for Bouquets.

**“Duplex Spencer”** produces uniformly large, waved flowers of true Spencer type. In color both the standard and wings are a rich cream-pink, and practically all the plants give flowers with double or triple standards. On the sprays of four blooms each (of which there is a great number) the two lower flowers are double, while sometimes three of the flowers are double. The three-bloom sprays give the one or two lower flowers with twin or triple standards. Even the flowers which have only a single standard are magnificent, being all uniformly waved and crimped both in standard and wings. The beautiful lemon keel, in addition to the double standard, materially enhances the effectiveness of these flowers when bunched. Of strong vigorous growth, the vines bear the grand flowers most profusely upon long stiff stems. We are sure that market growers will find that the new “DUPLEX SPENCER” will be one of the most profitable Sweet Peas they can grow for cutting, while amateurs will be delighted with it. In order that it may be tried thoroughly by growers for market throughout America and England, we have decided, as long as our supply lasts, to offer the seed at the following moderate prices:

In sealed packets containing fifteen seeds each: **Per pkt. 15 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.** (Code word, DUPLEX.)

In sealed packets containing thirty seeds each: **Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.** (Code word, DOUBLE.)

**“Duplex.”** This is different from former so-called double Sweet Peas. It has persisted for four years in giving a large percentage of fine double-standard flowers. They are produced on almost every plant,—four-bloom sprays giving two and sometimes three of the flowers double, and smaller sprays in same proportion. The twin or triple standards are well placed, so that the flowers have no appearance of coarseness. The color is a rich cream-pink. When bunched it is most effective, the effectiveness being enhanced by the bright lemon keel appearing to great advantage. It is an extra strong grower and we are certain it will take rank at the very top as a market variety, besides being fit for any first-prize stand. Messrs. Lowe & Shawyer, Ltd., of Uxbridge, England, who had an advance trial, say it is “the best pink Sweet Pea we have yet grown on our place.”—Description of MESSRS. DOBBIE & CO., with whom this sterling Novelty originated.

**“Rose du Barri.”** This new Grandiflora affords an entirely new shade in Sweet Peas. The name itself suggests the color, which is a lovely combination of deep, rich carmine-rose and orange. While the flower is not of Spencer form or size, yet it is slightly waved and for boutonnieres or table decoration it is “really a gem.” Its brilliant beauty must appeal to every lover of esthetic shades.

The plants, of strong vigorous growth, are wonderfully profuse in bloom,—and every flower is alike! MR. A. IRELAND, Marks Tey, Essex, writes: “It is unique and distinct, a charming flower of deep rose color, overlaid with a lovely sheen of terra-cotta. Foliage and haulm very dark green. One of the best decorative peas ever introduced. For artificial light it is unsurpassed.” WHOLESALE: \$1.00 per lb. (Code word, DUBARRI.)

Superb New Spencer Seedlings,—Choicest Re-selected, . . . . . *Speck* \$1 25 *100 lbs.* \$110 00

# Best Grandiflora Tall Sweet Peas,

Including all the desirable varieties—both new and old.

By hundreds of thorough trials made every year at our famous FORDHOOK FARMS we know SWEET PEAS and the merits of all the many novelties as introduced. Keeping Purity and High Quality, rather than low prices, our first aim, we have become recognized as

## Headquarters for Sweet Peas in America.

Each is *pure and true to name*,—vastly superior to the “Cheap Seed” so largely grown without the proper care in the constant selection that is absolutely necessary to maintain first-class stocks.

**OUNCES** of Sweet Peas are **one-tenth** pound prices, **except** that no variety will be supplied at less than **four cents per ounce**. Varieties priced at 35 cts. or less per pound are charged at **ten cents per  $\frac{1}{4}$  pound**. Varieties priced at 45 and 50 cts. per pound are charged at 15 cts. per  $\frac{1}{4}$  pound, while those priced at 60 cts. per pound are charged at 20 cts. per  $\frac{1}{4}$  pound.

For full descriptions see BURPEE'S NEW ANNUAL FOR 1912.

 For Complete List of "SPENCER" SWEET PEAS,—see page 43.

**Quality** is the KEYSTONE of our success ! Burpee's Seeds cost more to produce than do usual commercial grades, but are worth much more than the difference in cost ! Proof of this statement is the acknowledged fact that we have long had the largest mail-order seed trade in the world. The BURPEE-BUSINESS continues to grow so steadily that it became necessary last year to entirely occupy, for handling seeds exclusively, the BURPEE BUILDINGS, as partly pictured on fourth page cover.

# BURPEE'S FLOWER SEEDS.

ONE-QUARTER pound furnished at pound rates, and one-quarter ounce at ounce rates, where not less than sixty cents per ounce. Of the cheaper flower seeds, not less than one-half ounce will be supplied at ounce rates. *Not less than one ounce* will be supplied of varieties priced at 15 cts. or less per ounce.

These flower seeds are all of the finest strains of the best varieties, and are sure to give satisfaction. While many are grown by ourselves at FORDHOOK, FLORADEL, and SUNNYBROOK FARMS, or by our private growers in America, all are tested thoroughly both for vitality and purity. Those that are imported are obtained only from the best growers in Europe, whose gardens we have repeatedly inspected. The whole makes a collection unexcelled in uniform excellence of quality and vastly superior to the commercial grades commonly sold.

As is well known, we are headquarters for Sweet Peas (see preceding pages), supplying the most critical trade, both at home and abroad, with thousands of pounds annually.

We call your attention especially to our Nasturtium seed, which is grown for us under careful supervision, and is of a quality much superior to the usual strains offered to the trade. See page 52.

## BURPEE'S SEEDS GROW!

This well-known motto is equally true of our Flower Seeds as of Vegetable Seeds. The vitality of each variety is proved thoroughly before the seed is offered for sale.

## The Value of a Guarantee is not in what is said, but who says it.

For thirty-five years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

## Summer-Flowering Bulbs

The bulbs offered here are of the finest quality, being grown especially for us; they are all true to name and are now properly stored in our warehouse awaiting orders. Twenty-five bulbs or more of one kind will be supplied at the rates per 100. Special quotations on large quantities. *For Dahlias, see next page.*

Burpee's Seeds are Famous for their Prize-Winning Products.

At the TRANS-MISSISSIPPI and INTERNATIONAL EXHIBITION, held at OMAHA in 1898, we received **Three Gold Medals** on our exhibits of *Roses*, *Cannas*, and *Sweet Peas*. At the PARIS EXHIBITION we received the **Only First Prize** on *Sweet Peas* and a **Silver Medal** for photographs showing views of Trial Grounds, Seed Crops, and Seed Cleaning as conducted at FORDHOOKE FARMS. At the PAN-AMERICAN EXPOSITION, BUFFALO, 1901, we were awarded a **Silver Medal** on *Sweet Peas*.

At the WORLD'S FAIR, ST. LOUIS, 1904, the products of **Burpee's Seeds**, together with our own growing exhibits, won **TWO GRAND PRIZES, THREE GOLD MEDALS, and FOUR SILVER MEDALS**. At the LEWIS and CLARK EXPOSITION, PORTLAND, OREGON, 1905, we were awarded the only **Gold Medal** for lawns produced by FORDHOOKE FINEST LAWN GRASS, and the only **Gold Medal** for growing display of Sweet Peas.

At the Annual Exhibition of the NATIONAL SWEET PEA SOCIETY in 1909 we were awarded a **Gold Medal**.—the only one ever awarded to a grower outside of Great Britain.

# The Best Dahlias for Market Gardeners and Florists.

Dahlias are becoming more popular every year, the reason for which is not far to seek, as the lovely and showy blooms are at their best when the other flowers of our gardens have lost their freshness. Another class or type has recently been added by the introduction of the *Peony* or *Clematis-flowered* varieties. This new race is very free-flowering and begins to bloom much earlier than the other classes, the flowers being produced on long stems quite above the foliage. In England the *Peony*-flowered Dahlia is completely displacing the long-time popular Cactus type, especially among the ladies.

During the past season, in addition to our regular trials at FORDHOOK, FLORADEL and SUNNYBROOK FARMS, we planted over one hundred other varieties imported at great expense, for the purpose of comparing the best in Europe with the varieties we were growing for our own trade in large areas. We feel sure our list contains what are considered best among the different types.

While the divided roots should give entire satisfaction, as each have several "eyes," many florists will prefer the field-grown clumps which are shipped just as they came from the fields.

Write for prices on "mailing size" roots should you desire to purchase these in quantity.

DIVIDED ROOTS. FIELD-GROWN CLUMPS.

**Wholesale Price to the Trade, \$4.00 for the Box complete.**

The box can be sent by mail for 20 cts. additional.

### Additional Packets

of any of the varieties mentioned above, to fill up the box, will be supplied **at the uniform price of**

**\$2.50 per 100 packets, or**

**\$2.00 per 100 packets, when 500 packets or more are ordered at one time.**

**BURPEE'S POPULAR 25-CENT COLLECTIONS OF SWEET PEAS AND OTHER FLOWERS** sell quickly and allow the dealer a margin of ten cents on each collection. Our collections for 1912 are better than ever before,—see pages 60 and 61.

# BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

This is a handsome cabinet, beautifully finished in hardwood, that will be an ornament to any store. It stands 40 inches high and is 30 inches broad, divided into 48 compartments. The front of each packet of seed is shown, while the packets are held in place by a neat metal bar across each compartment. Cost of cabinet alone is **\$4.00**, but we will supply the **cabinet complete**, filled with **1000 packets** of seed as enumerated below, for **\$20.00**.

 The sale of these (at 5 cts. per packet) will allow a clear **profit of \$30.00**, and give the cabinet **Free**.

**Burpee's New Vegetable Seed Cabinet contains 1000 Packets as per List given below.**

 In every instance the pages referred to are those of BURPEE'S ANNUAL FOR 1912.

**Wholesale.** We offer any of the quick-selling popular **25-cent collections** at **\$1.80 per dozen** or **\$13.50 per hundred collections**. For the **Fifty-cent** collection we charge **30 cents** each, and **75 cents** each for the "Dollar Box," by freight or express, at purchaser's expense for transportation charges.

**The Only Gold Medal of the National Sweet Pea Society ever won** by any growers outside of Great Britain was awarded to the American Firm of Burpee, at the great exhibition in London, July 23, 1909.

# Burpee's Gem Collection of Annuals.

For 25 Cts. we will mail one regular packet each of the following eight elegant Annuals,—  
*the seed of which has all been grown on our own farms in Pennsylvania, New Jersey and California.* This assortment can be ordered as BURPEE'S GEM COLLECTION FOR 25 Cts. or five collections for \$1.00,—mailed to separate addresses if so desired.

1906 **Dimorphotheca Aurantiaca**, the new African Golden-Orange Daisy, shown painted from nature on last cover page and described on page 126.

1766 **Celosia, Magnificent**. The most attractive of all Plumed Celosias. For illustration and description see page 132.

1775 **Centaurea Imperialis**. Most beautiful both in the garden and for bouquets. See illustration and description on page 133.

1915 **Eschscholtzia, Fire-Flame**, illustrated herewith and described on page 121.

1975 **Kochia Tricophylla**, the Burning Bush or Summer Cypress, illustrated and described on page 138.

2436 **Petunia, Rosy Morn**. One of the very best for bedding,—see page 145.

2476 **Dwarf Phlox, Large-Flowering Cecily**, as illustrated and described on page 147.

2179 **New Burbank Poppies**, illustrated and described on page 124.

25 Cts. invested in no other way,—unless in one of our Sweet Pea Collections,—can be productive of so much pleasure.

 In every instance the pages referred to are those of BURPEE'S ANNUAL FOR 1912.

BURBANK'S "FIRE-FLAME" ESCHSCHOLTZIA.

**Wholesale.** We offer any of the quick-selling popular 25-cent collections at \$1.80 per dozen, \$13.50 per 100, sent by express or freight at purchaser's expense.

## Eight Elegant Grandiflora Sweet Peas.

For 25 Cts. we will mail one regular packet each of the unique new 3013 ROSE DU BARRI, which sold last year at 15 cts. for 20 seeds,—the distinct rosy-lilac 3043 MRS. BIEBERSTEDT,—the deep buff-pink 2997 ZARINA,—the deep blue striped 3089 HESTER,—all these four as described in *Sweet Pea List*; also the best white 2958 DOROTHY ECKFORD,—the rich orange-pink 3031 MISS WILLMOTT,—the picotee-edged 3076 DAINTY, and the popular pink and white 3070 BURPEE'S EARLIEST OF ALL, *special re-selected strain* which will burst into bloom two weeks before any of the others!

25 Cts. buys all the above Eight Elegant Grandiflora Sweet Peas, with our complete *Leaflet on Culture*, or five collections mailed for \$1.00.

## Burpee's 1912 Collection of Nasturtiums.

For 25 Cts. we will mail one full-size packet each of the NEW VARIEGATED QUEEN,—*a mixture of Burpee's New "Royal-Race" of Tall Nasturtiums*,—BURPEE'S GORGEOUS MIXTURE OF TOM THUMB NASTURTUMS,—FORDHOOKE FAVORITE TALL NASTURTUMS,—the new complete mixture of BURPEE'S TALL IVY-LEAVED,—DWARF LILLIPUT MIXED, and the strikingly beautiful marbled-leaved NEW "QUEENS" OF TOM THUMB, in mixture.

 With each collection we enclose our leaflet on *How to Grow Nasturtiums*. 

## New Cosmos,—“Crimson Ray.” A Beautiful New Type Now First Introduced.

This distinct novelty originated from one plant which attracted marked attention from the fact that the flowers, while equally as large in diameter, showed a *new departure* in form, number and shape of the petals. The petals were narrow and fluted, separated in star-like form and of the most brilliant crimson color overlaid with a velvet sheen. Of this plant, one blossom bearing twenty-two petals was marked for seed, and the selections from the products of this single flower have been continued each year since until now this many-petaled type has become so thoroughly fixed. The plants grow four to five feet in height, are most profuse in bloom, and the flowers are so striking and elegant that it will be acknowledged “one of the most artistic plants” of recent introduction. *Sold only in sealed packets at 15 cts. per pkt.*

**2 pkts. for 25 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.**  
In lots of 500 pkts. or more, **\$6.25 per 100 pkts.** (Code word, RAY.)

## Burbank's New “Fire-Flame.” Eschscholtzia,—

The *Crimson Eschscholtzia Californica*, which originated on my place and was introduced by W. ATLEE BURPEE & Co., produced, before it was fixed, a *unique sport* of most unusual color. This was so strikingly brilliant and wholly unique that the plant was divided, reset and the seed saved with unusual care.

The plants grow compact, generally upright, produce flowers in the utmost profusion throughout the season which are wonderful in color, being a rare combination of lemon-yellow and rosy crimson, not in stripes, but in a perfect *blend* which has very aptly suggested the name of “*FIRE-FLAME*,” [which in two words describes the color combination which would otherwise take a paragraph. Nothing as beautiful in this shade has before been seen among the Eschscholtzias. — LUTHER BURBANK. WHOLESALE: 75 cts. per oz.; \$2.50 per 1/4 lb.; \$8.50 per lb.

BURPEE'S SEEDS GROW

### BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

This cabinet is an ornament to any store. A lid, fitting grooves in the side, accompanies each cabinet, making it practically dust proof when put away for another season's use. See page 59 for full description and list of varieties.

Two Silver Cups, A Special Silver Medal, and Six Certificates of Merit were Awarded to Us by the National Sweet Pea Society of America, June, 1911.

At this exhibition, held at Horticultural Hall, Philadelphia, June 29th and 30th, 1911, we won the NORTH AMERICAN SILVER CUP for *Vermilion Brilliant* as the best new Sweet Pea not yet in commerce; the MORSE SILVER CUP for the largest and best trade exhibit of Sweet Peas; SILVER MEDAL specially awarded by the judges for the best collection; also a CERTIFICATE OF MERIT for each of the following novelties: *Irish Belle* or "Dream,"—*Margaret Madison*,—*Duplex Mary Garden*,—*Fordhook Fairy*,—*Margaret Atlee* and *Empress Eugenie*. The last three named will not be ready for introduction until 1913; the other four are now offered for the first time.

The star feature was undoubtedly the magnificent Burpee display, which occupied the entire northern side of the main hall and took five men six hours to stage. The flowers were in splendid shape, the finest that we have ever seen shown, and the finest Burpee has done yet. The staging was exceedingly effective—the large handsome vases were arranged in tiers one above the other, the background being Eulalia zebra. At intervals pyramids three and four feet high were arranged to break the monotony. There were over twenty thousand blooms in this Burpee collection—and over two hundred varieties. The most conspicuous and sensational variety was a new one named "*Stirling Stent*"—a glowing orange. \* \* \* \* \*

Another extra fine one was *Vermilion Brilliant*, for which they were awarded the cup offered by the *North American*. The exhibit as a whole was given the premier award of the show—the Morse Challenge Cup—for the best commercial collection. They also were awarded the N. S. P. S. certificates of merit for new seedlings, also a silver medal in addition to the certificates.—*From HORTICULTURE Boston, July 8, 1911.*

Wireless messages of greeting to W. Atlee Burpee, of this city, retiring president of the National Sweet Pea Society, which began its third annual convention and exhibition at Horticultural Hall yesterday, were sent by members last night. Mr. Burpee is a passenger on the steamship *Olympic*, bound for Southampton. He is a delegate to the National Sweet Pea Society of England.

Horticultural Hall presented a scene of color at the opening of the exhibition. The exhibit is the largest ever held in this country.  
—From THE PHILADELPHIA INQUIRER, June 30, 1911.

In the number of entries, their excellence in size and coloring and in the variety of types, the show was the most successful ever held in this country.

The silver medal awarded by the National Society for the largest and finest individual exhibit of the flower went to W. Atlee Burpee & Co. Certificates of merit were also given the same firm for its new Irish Belle, Fordhook Fairy, and four varieties of seedlings.—*From THE EVENING BULLETIN, Philadelphia, June 30, 1911.*

The exhibit of W. Atlee Burpee, the president of the society, was one of the most noticeable, occupying an entire side of the large auditorium, and showing about 200 vases filled with as many varieties. \* \* \*

The exhibit of W. Atlee Burpee & Co. was, perhaps, the finest exhibit of Sweet Peas ever made in this country. Some effort to stage for effect was made and the result was highly pleasing. At intervals along the extended line of the three-tier exhibit were columns of leading varieties of Sweet Peas. Along the rear tier, interspersed between vases of Sweet Peas, were vases of Grasses. The number of varieties shown was very great. We present herewith a divided picture of the exhibit.

VISIT TO FORDHOOK FARMS

On Friday afternoon the members accepted the kind invitation of W. Atlee Burpee and journeyed by special train to FORDHOOK FARMS, near Doylestown, to see the trial grounds, where they were shown over 900 trials of these beautiful flowers in full bloom. These beautiful girls discover "all that is best in seeds" as well as all that's bad on Burpee's seeds soon get to know that they are always to have merit is given a trial here, grown side by side with is accepted or thrown aside as it is seen to be better or worse, and many sorts claiming superiority fail to make good in which are very expensive but worth all they cost. Many plants necessarily grown elsewhere; these are tried out by FLORIST. *Chicago, July 8, 1911.*

**THE NORTH AMERICAN CUP.**—*This cup was awarded our Vermilion Brilliant Sweet Pea as the best new variety not yet in commerce.*

The illustration herewith, from a photograph taken in July, 1911, gives some idea of the appearance of Sweet Peas and other crops growing at

## Floradale,

Our Seed Farm in the cool fertile  
Lompoc Valley, California.

"The Lompoc Valley is a diminutive piece of country, nine miles long by five miles wide, located on the coast 172 miles north of Los Angeles. The hills surrounding it are two hundred, and some of them perhaps three hundred, feet high. The elevation at the coast is 45 feet. Lompoc is 48 feet higher, and at this particular place on the coast the ocean breezes, which are always strong, flow up that valley and keep the summer temperature so low that Lima beans will not mature their seed. This may seem incredible, but true nevertheless. Yet Ventura, 96 miles to the southeast, at the same elevation, is the great Lima bean section of the State. . . .

A year ago, Burpee, of Philadelphia, decided that the location was ideal for growing Sweet Peas. He bought ground and began operations in December. Edwin Lonsdale was put in charge of the work. He is a veteran in the art of gardening, with the enthusiasm of youth and the experience of a half century as his assets. And the results. They are marvelous. The selection of the locality, and the man, by the management of the largest mail-order seed house in the world seems to be one of those fortuitous circumstances which happen to individuals and to corporations, that lead to fortune and to fame.

**We have been looking on Sweet Peas grown in gardens containing a few plants, and on fields containing hundreds of acres for more than two score years, but never before during all these years have we seen flowers so large in size, and so much substance as these grown in that valley. A dozen varieties exhibited at the meeting of the Pasadena Gardeners' Association, June 17th, were the wonder and admiration of every member present."**

# “The Burpee-Business—a National Institution.”

Through wise advertising, splendid organizing ability and enterprise that knew no limitations, the Burpee establishment has grown to be far more than a mere mail-order house. It is to-day a National Institution.—*From HORTICULTURE, Boston, Mass.*

*From THE PHILADELPHIA INQUIRER, April 1, 1911.*

## Busy Days at the Home of “Seeds That Grow.”

Thousands of Orders Filled Every Day and Shipped all over the World.

Few Realize the Enormous Quantities of Seeds Handled by  
W. Atlee Burpee & Co., the World’s Largest Mail-Order Seed House.

Flower and vegetable growers, whether they buy five-cent packets or five bushels at a time, would be simply astounded to see the quantities of seeds shipped daily during the busy season by W. Atlee Burpee & Co., the world’s largest mail-order seed house. An inspection of the vast daylight, airy buildings at Fifth Street, Buttonwood Street and York Avenue is a revelation to the business mind as well as to the layman.

Some days ago a party of business and advertising men, guided by Mr. Burpee, inspected every nook and corner of the new building, now necessary to supply the demand for “Seeds That Grow.” They saw three hundred enthusiastic employees; the opening of the morning’s first mail—over 4000 letters, ninety per cent. containing remittances for seeds, in amounts from twenty-five cents to a hundred dollars and more. They traced the orders all through the big building, from the opening of the envelopes, numbering, entering upon an a, b, c card system, to the listing department, to the stock rooms, past checkers, packers, shippers, to a dozen big, yawning mail bags, each representing a section

of the nation from which the orders had arrived. And every department working without a hitch, without a discordant note.

The bond of mutual confidence built between W. Atlee Burpee & Co. and the retail and wholesale customers is a fine tribute to this remarkable seed house—to “Seeds That Grow.” Probably not one-tenth the customers have met Mr. Burpee, nor inspected the great warehouses nor farms, but they believe absolutely in Mr. Burpee’s word, and they believe in his seeds. This splendid confidence is shown by the list of orders that arrive daily from Oregon, Washington, New Mexico, Oklahoma, Texas—every far-away State and Territory, as well as from Pennsylvania and the States close by.

*For balance of this article from THE INQUIRER, together with impartial articles from other Philadelphia, New York, Boston and Chicago papers,—with many half-tone illustrations of views on our Five Farms and in the Burpee Buildings,—see the Revised Edition for 1912 of our Thirty-fifth Anniversary Supplement, which will be mailed free upon application.
